

# Koh Chang's Tranquility Bay Residence

*Take a Deep Breath...*

It's a development as spectacular as its setting – 230 square meters of pristine, white-sand beach on the beautiful island of Koh Chang.

Welcome to the world of **Tranquility Bay Residence**, a new luxury beachfront community consisting of 74 condominiums and 10 pool villas.

Top-notch facilities include a private jetty long enough for deep-water yacht moorings, a beachfront restaurant, 30-meter infinity-edge pool, gym, spa, kayaks and speedboats for exploring the tranquil bay and neighboring islands.

Tranquility Bay's condominiums range from 60 to 120 square meters and start at 5.7 million baht. The villas are between 300 and 380 square meters and begin at 30 million baht. Some of the 60 square meter units are about to be completed this September and the whole project will be fully operational in two years.
